

High School Digital Academy Details

- Enrolled students are eligible to participate in any co-curricular and extra-curricular program Mount Vernon High School has to offer, schedule permitting. MVDA is NCAA approved.
- We empower students to develop skills necessary for success in the 21st century. The MVDA program focuses on developing the “whole student,” by emphasizing transferable skills leading to academic success and productive citizenship.
- In addition to working toward earning a Mount Vernon High School diploma, students will have the ability to experience real world activity outside of the classroom. College visits, tours and networking with local businesses, and dual enrollment with career center programs are just some of the opportunities MV High School Digital Academy provides.
